Dear Resident,

The forthcoming Census of Population and Housing will take place on Sunday 20 November 2011, and is the official count of residents, households and dwellings in Malta as on that night. It is the seventeenth census to be held since 1842. This year, a census is being taken in every European Union Member State.

You are therefore kindly requested to complete this questionnaire in an accurate and timely manner, to the best of your knowledge and belief. Allow me to remind you that all residents are obliged by law to respond to the questionnaire, and any person who fails or refuses to provide information may be subject to legal action. The confidentiality of your personal information is guaranteed by law, and the National Statistics Office will use this information internally for statistical purposes only.

Should you have any queries, your census enumerator will assist you when visiting your household between 7 November and 4 December to collect the completed questionnaire. Alternatively, you may contact us at **census2011@gov.mt** or on **freephone 170**.

Thank you in advance for your cooperation.

NOTES

How to complete the questionnaire

Guidelines on answering the questionnaire are included on page 4.

Who should be included in the questionnaire?

You should include the details of **all** persons who normally reside at this address, including those who may be on holiday or temporarily away due to work, study or medical reasons. Include also babies who were born before and up to midnight of **20 November 2011**, even if these are still in hospital.

All persons must be enumerated where they normally reside. This address need not necessarily be the same as the one on their identity card.

A separate column in the questionnaire should be filled in for each household member.

Person 1
(REFERENCE PERSON)

should indicate the household reference person, namely:

- The husband/wife in the case of a married couple
- Either partner of a cohabiting couple
- The parent in the case of a single-parent household
- Any mature person within the household, if none of the above conditions apply.

The information provided in respect of **all household members** should be correct as at midnight of Census Night, namely Sunday, **20 November 2011**.

What defines a 'household'?

A **household** is defined as:

- One person living alone, or
- A group of people (not necessarily related) living at the same address who share cooking facilities on most days or share parts of the dwelling such as a living room, sitting room or dining area.

A different questionnaire has to be completed for each household. In case there is more than one household at this address, inform your Enumerator so that he/she may provide you with additional

copies of the Census questionnaire. In this case, the dwellings section has to be completed in the first questionnaire only.

What if there are more than six (6) residents in the dwelling?

If there are more than six (6) persons residing at this address, ask your Enumerator for a continuation questionnaire or contact us.

What if I need help to fill in the questionnaire?

If you do not know how to answer or have not understood a particular question, contact us on freephone or by email for assistance. You may also consult your Enumerator who will come over during the Census period to help you with any questions related to the Census and collect the complete questionnaires. Please co-operate fully with your Enumerator to contribute to the success of the 2011 Census. Your Enumerator is identified through the Census ID card.

What should I do after I complete the questionnaire?

Once the questionnaire is complete, you should keep it in a safe place and hand it to your Enumerator who will come over and collect it between Monday **7 November** and Sunday **4 December 2011** during the times below:

Monday to Friday: 3:00pm – 8:30pm
Saturday and Sunday: 8:30am – 12:00pm

Confidentiality is guaranteed

The Census is being carried out in terms of the Census Act of 1948. The confidentiality of the information contained in this questionnaire is legally guaranteed by this Act. The National Statistics Office will use the information you provide for statistical purposes only.
