IPUMS International Research Data Enclave

Application to Use Restricted Data: Project Details

General Information

Date	
Title of Project	
IRDE Access Site	University of Minnesota

Project Information

1. **Research Question**. Include study purpose, hypotheses, goals, and/or research questions.

2. **Need for Restricted Data**. Please describe, in as much detail as possible, why you need to access the restricted data to address your research questions or hypotheses. Explain why you can't address your questions or hypotheses with publicly available data.

3. **Outside Data**. If there is any outside data you would like imported into the enclave to be used in your analysis, describe it here, including why you need it for your analysis. Data with personal identifiers will not be allowed.

4. **Analysis Plan**. Describe the analyses you plan to conduct to address your research questions or hypotheses, and the type (e.g., regression coefficients, summary statistics) and content of output you will want to extract from the enclave.

5. **Dissemination**. Describe how you intend to use the results of your research, including plans for public dissemination.

6. Funding Source(s):

7. Proposed Start Date:

8. Proposed End Date:

9. Estimated Total Hours of Enclave Use:

10. **Software**. The software installed in the enclave is listed here [insert web page link]. If you require additional software for your analysis, list it here.

IPUMS International Research Data Enclave

Attachments

List the names and email addresses of all researchers who will access the data for this project in the space below. For each named researcher.

11. Please attach Researcher Information form listing details for all researchers named in this application.

12. Please attach a current CV for the PI and each co-investigator who will access the data enclave.

13. Please attach a signed copy of the Confidentiality Agreement for Use of IPUMS International Research Data Enclave from the PI and each co-investigator.

Researcher List

Principal Investigator

    Full name: _____

    Email address: _____

Co-investigator 1

    Full name: _____

    Email address: _____

Co-investigator 2

    Full name: _____

    Email address: _____

Co-investigator 3

    Full name: _____

    Email address: _____

Co-investigator 4

    Full name: _____

    Email address: _____
