UNITED STATES CENSUS

This is your Official Census Form

Please fill it out and mail it back on Census Day, Wednesday, April 1, 1970

How To Fill This Form

1. Use a black pencil to answer the questions.
   This form is read by an electronic computer. Black pencil is better to use than ballpoint or other pens.
   Fill circles “○” like this:
   
   The electronic computer reads every circle you fill. If you fill the wrong circle, erase the mark completely, then fill the right circle.
   
   When you write an answer, print or write clearly.

2. See the filled-in example on the yellow instruction sheet.
   This example shows how to fill circles and write in answers. If you are not sure of an answer, give the best answer you can.
   
   If you have a problem, look in the instruction sheet.
   All instructions are numbered the same as the questions on the Census form.
   
   If you need more help, call the Census office.
   You can get the number of the local office from telephone “Information” or “Directory assistance.”

3. Your answers are CONFIDENTIAL. The law (Title 13, United States Code) requires that you answer the questions to the best of your knowledge.
   Your answers will be used only for statistical purposes and cannot, by law, be disclosed to any person outside the Census Bureau for any reason whatsoever.
   
   The householder should make sure that the information is shown for everyone here.
   
   If a boarder or roomer or anyone else prefers not to give the householder all his information to enter on the form, the householder should give at least his name, relationship, and sex in questions 1 to 3, then mail back the form. A Census Taker will call to get the rest of the information directly from the person.

4. Check your answers. Then, mail back this form on Wednesday, April 1, or as soon afterward as you can. Use the enclosed envelope; no stamp is needed.
   Your cooperation in carefully filling out the form and mailing it back will help make the census successful. It will save the government the expense of calling on you for the information.

PLEASE CONTINUE
5. Answer the questions in this order:

Questions on page 2 about the people in your household.

Questions on page 3 about your house or apartment.

6. In Question 1 on page 2, please list each person who was living here on Wednesday, April 1, 1970, or who was staying or visiting here and had no other home.

EXPLANATORY NOTES

This leaflet shows the content of the 1970 census questionnaires. The content was determined after review of the 1960 census experience, extensive consultation with many government and private users of census data, and a series of experimental censuses in which various alternatives were tested.

Three questionnaires are being used in the census and each household has an equal chance of answering a particular form.

80 percent of the households answer a form containing only the questions on pages 2 and 3 of this leaflet.

15 percent and 5 percent of the households answer forms which also contain the specified questions on the remaining pages of this leaflet. The 15-percent form does not show the 5-percent questions, and the 5-percent form does not show the 15-percent questions. On both forms, population questions 13 to 41 are repeated for each person in the household but questions 24 to 41 do not apply to children under 14 years of age.

The same sets of questions are used throughout the country, regardless of whether the census in a particular area is conducted by mail or house-to-house canvass. An illustrative example is enclosed with each questionnaire to help the householder complete the form.
