CENSUS

Count yourself in! May 15, 2001

For over 300 years, the census has painted a picture of our people and the places in which we live. This census, on May 15, 2001, will continue the tradition by providing information needed by community groups, businesses and governments to develop plans for education and training, seniors' housing, day care, fire protection, public transport, and many other programs that are important to all of us.

As Canada's national statistics agency, Statistics Canada uses census data for producing statistical tables, analytical reports and for selecting samples or following up respondents for some of our surveys. These uses are strictly for statistical purposes and no one outside of the agency can have access to your identifiable information.

By law, Statistics Canada must take a census every five years, and every household must fill in a census form. Also, by law, Statistics Canada must protect the confidentiality of the personal information you provide. Our employees, including census takers, are personally liable to fines or imprisonment should they break the confidentiality of your information.

Please complete your census form and mail it back on May 15, 2001.

Thank you for your cooperation.

Ivan P. Fellegi
Chief Statistician of Canada
